Invest in the future of finance

Invest in the disruption of a multi-trillion dollar industry the smart way.

GLOBAL INVESTOR REACH

We have an active, growing community of over 3,000 investors from more than 150 countries. Blockchain knows no borders.

INVEST SECURELY

We use bank-grade security procedures including secure socket layers, two factor authentication and are registered with our Monetary Authority to run a securities business and transfer funds in secure, dedicated client money accounts.

INVEST WITH PROTECTION

Receive professional grade protections through our unique pooled investment structure so your investments can grow in a tax-efficient way.

INVEST WITH SPECIALISTS

We are the largest global online investment community of professional investors all investing in financial innovation and technology.

ONGOING INVESTOR RELATIONS

Investors and businesses can easily keep-in-touch online throughout the investment lifecycle and store all documentation in one place.

NATIVELY DIGITAL

We are the digital alternative to traditional asset management - borderless, hyper-efficient and usable from any smartphone. No paperwork required.

About Bit Cash Mining Investment

Our Expertise. Know more about what we do

About us

Mission and vision

Bit Cash Mining Investment is a registered broker-dealer specializing in private securities.

Collaboration with us is a high-tech process of integrating each client into Bit Cash Mining Investment's unique investor community to strengthen the financial stability of each of them and to obtain a stable profit without risk of losing capital. We are not just a trading company. Bit Cash Mining Investment is a tool that allows everyone to develop potential, making investments based on our technologies.

We offer our partners attractive terms of collaboration. The right to use the company's brand, a well-established algorithm for conducting business, comprehensive support from company specialists. Attractive conditions for investing in the fastest-growing company will help you to invite potential clients for cooperation easily.

Our goal is to provide all parties with the information they need, allowing a smooth progression in our transactions from the pre-marketing phase to the close. We make it easy for you to focus on deals while we run the compliance functions.
